

## Patronage USR

On 1st March 2018 the ROBOTS project had the patronage of the institution USR ER (Emilia Romagna Regional School Office) This institution is in Bologna (Via de' Castagnoli 1). The Web site is <http://istruzioneer.it/>

The regional school office (USR) is a branch office of the Italian Ministry of Education, University and Research. The functions of the regional school office are listed in art. 7, paragraph 3, of the Italian Ministerial Decree 260/2007. It has inherited the skills, however resized as a result of the autonomy of educational institutions, previously attributed to the education provider (Provveditorato agli studi). In particular:

- It monitors compliance with the general rules on education and the essential levels of benefits, on the implementation of the school systems, on the effectiveness levels of the training action and on the observance of the programmed standards;
- It takes care of the implementation of national policies for students;
- It provides administrative and accounting management of instrumental, contractual and conventional activities of a general nature, common to the offices of the school administration in the regional area;
- It integrates its action with that of the municipalities, the provinces and the region and takes care of relations with these bodies, as far as State competence is concerned, for the integrated training offer, adult education, and higher technical education and training; school-work relationships;
- It supervises non-paritarian non-state schools and foreign schools in Italy;
- It assigns financial and human resources to educational institutions.
