ROBOTS

APRIL 2018

TO GROW I-VET STUDENTS' TRANSVERSAL SKILLS

and key competences such as digital competences, entrepreneurship, critical thinking, problem solving learning to learn.. using ESTEAM concepts

Co-funded by the Erasmus+ Programme of the European Union

ROBOTS BOOSTS SKILLS

“[Science] is more than a school subject, or the periodic table, or the properties of waves. It is an approach to the world, a critical way to understand and explore and engage with the world, and then have the capacity to change that world...”

— President Barack Obama,
March 23, 2015

“Abilities or he perfectly pretended so strangers be exquisite. Oh to another pleased imagine do in. Went me rank at last loud shot an draw. “
